## CLASSES OFFERED AT ST. ANDREWS LUTHERAN CHURCH

- Designed and taught by instructors from the Institute of Reading Development
- Offered through the San Mateo Parks and Recreation Department

### **Program for 4-year-olds and entering kindergartners:**

Children in this program learn beginning phonics and reading readiness skills, build comprehension, and develop a love of books and reading.

### **Program for entering 1st graders:**

Success in first grade requires a strong foundation of reading skills and a high level of confidence. In this program, your child will learn phonics, build sight vocabulary, improve comprehension, and experience success with independent reading.

### **Program for entering 2nd graders:**

In this program, students build strong reading skills, confidence, and a love of reading. Your child will make significant gains in phonics and word-attack skills, sight vocabulary, fluency, and comprehension.

### **Program for entering 3rd graders:**

In this program, students become more fluent, confident readers and learn to enjoy reading more. Your child will build strong comprehension, and will develop the long-word decoding and fluency skills required to read longer books with ease.

### **Program for entering 4th and 5th graders:**

Students in this program gain more than one grade level in comprehension, and increase fluency and speed. Your child will complete homework more quickly and easily, get better grades, and become fully absorbed in books.

### **Program for entering 6th-8th graders:**

Students in this program improve comprehension one to two grade levels while doubling reading speed. They also learn the best way to read textbooks, take notes, and study for tests. As a result, students complete homework more quickly and easily, get better grades, and enjoy reading more.

### **Program for entering 9th-11th graders:**

Students double reading speed, improve comprehension by one to two grade levels, and learn study skills. Excellent preparation for the SAT, ACT, and college.

## Exciting Results

“I would like to thank you for such a positive outcome with my son James. He learned skills that have translated into wonderful grades, and more importantly, have given him more confidence in his reading abilities. He has actually asked to go to the library to pick out a book!”
